#### Description

##### Version:

QuickIN accessories for extension of all FEIN cordless drill / drivers with a QuickIN interface in the application areas of screwdriving and tapping. QuickIN thread tapping attachment for drills/ drivers. Quick tapping thanks to integral reversing gear for automatic changing of direction of rotation. The fast reverse in anti-clockwise mode permits shorter cycle times. The tap is positively clamped to its square drive by means of a collet, which prevents it slipping when in use. Compatible with all FEIN cordless drill/drivers with a QuickIN interface.
