Powered air respirator head covers, Colour: WHITE

Order data

Order number	097282 WHITE
GTIN	4046719250219
Item class	04G

Description

Version:
Convenient **powered air respirator head covers** size M/L with eye and face protection to EN 166:F. Wide face covering, with soft resilient material for high comfort and noise reduction. Thanks to the integral holder, the head covers are immediately ready for use. The large visor permits a very wide field of view and also provides protection against dazzling reflected light. The outstanding air distribution in these hoods ensures increased comfort and less noise.
Application:
Application areas in which the head part has to be changed frequently, e.g. pharmaceutical production.
Standard:
EN 12941 protection class TH3; EN 166
Suitable for:
· **No. 097175 Versaflo™ TR800 powered air respirator**
· **No. 097281 Versaflo™ TR600**
· **No. 097180 Versaflo™ TR300+ powered air respirator**
