

**2-component gel glue, Type: 11****Order data**

Order number	083389 11
GTIN	4260205366639
Item class	08G

Description**Version:**

Gel-type 2-component instant adhesive with high gap filling capacity (up to 5 mm), including between low-energy and porous substrates. Overhead work or work on vertical surfaces is possible.

A two-component adhesive (2C adhesive) consists of two components (resin and hardener). Mixing these components causes a chemical reaction that produces a durable, stable and resilient connection.

Technical description

Tensile shear strength	14 - 16 N/mm ²
Maximum gap size	5 mm
Chemical basis	Ethyl cyanoacrylate
Colour	translucent
Touch dry after	2 - 3 min
Shape	Gel

Data sheet

Labelling of hazardous substances	GHS07 caution
Operating temperature range	-10 - 40 °C
Capacity	11 g
Type of product	Two-component adhesive
