

## BEYCEPS lifting tool and assembly tool, Safe working load: 180kg

### Order data

Order number

086225 180

GTIN

Item class

83K

### Description

#### Version:

BEYCEPS one-handed assembly tool

- **Lifting force up to 1,800 N / 180 kg / 400 lbs**
- **For gentle and safe lifting (up to 8 mm per pump handle operation), lowering (up to 4 mm per lowering lever operation) and alignment of workpieces with just one hand, with millimetre precision.**
- **Ergonomic and safe handling, as the pump handle made of 2-component plastic is positioned on the top and the two levers for releasing and fine lowering are arranged separately underneath.**
- **Closed plastic housing protects the mechanism against dust, dirt and chips and prevents fingers from getting caught.**
- **Can be repositioned without tools for clamping.**
- **Protective caps for the base and lifting plate – included in delivery – prevent damage to sensitive surfaces.**

### Technical description

maximum load capacity

180 t

## Data sheet
